EDUCATION

CENTRAL LUZON STATE UNIVERSITY (CLSU)

Science City of Muñoz, Nueva Ecija

Bachelor of Science in Information Technology (Major in System Development)

Aug 2023 – Present

- **Academic Distinction:** Consistent University Scholar / College Scholar (Maintained scholastic honors every semester, 2023 – Present).
- **Relevant Coursework:** Systems Development, Database Management Systems, Web Development, Computer Networks.

MUÑOZ NATIONAL HIGH SCHOOL MAIN

Science City of Muñoz, Nueva Ecija

Technical-Vocational Track: Information & Communications Technology (CSS)

Sep 2021 – Jul 2023

- Specialized in Computer Systems Servicing (CSS), diagnostic troubleshooting, hardware assembly, server deployment, and local network configuration.

TECHNICAL SKILLS

Programming Languages: PHP, JavaScript, Python, Java, C, HTML, CSS

Frameworks & Libraries: Laravel, React.js, Tailwind CSS, Bootstrap, Flutter

Databases & Backend: MySQL, RESTful API Integration, Apache

Developer Tools & Platforms: Git, GitHub, Vite, WordPress, Figma UI/UX, Visual Studio Code, AntiGravity IDE

Hardware & Systems: Computer Systems Servicing (TESDA NC II Certified), LAN/WAN Setup, Cisco Packet Tracer, Diagnostic Testing

TECHNICAL & CAPSTONE PROJECTS

ENHANCED WEB-BASED RECORD MANAGEMENT SYSTEM FOR INDIGENOUS

2026 –

PEOPLE

Present

Full-Stack Developer | University Capstone Project

Laravel, Vite, Tailwind CSS, MySQL

- Integrated an AI chatbot and automated SMS notifications to deliver real-time user assistance and community updates.
- Redesigned the user interface using Tailwind CSS, enhancing visual aesthetics, responsiveness, and overall accessibility.
- Resolved critical system bugs and optimized application workflows to significantly improve platform stability and user experience.

NBL APPAREL — E-COMMERCE PLATFORM

2026

Web Developer | Group Project

PHP, MySQL, Bootstrap, JavaScript

- Built an end-to-end e-commerce clothing retail storefront featuring responsive product catalog grids, interactive category filters, and product detail views.
- Programmed session-based shopping cart workflows, dynamic item subtotal computations, and organized checkout invoice summaries.

CLINICAL MANAGEMENT SYSTEM

2025

Web Developer | Group Project

PHP, MySQL, Bootstrap, JavaScript

- Designed and developed a clinical administration web application enabling patient registrations, appointment scheduling, and diagnosis logs.
- Structured relational SQL tables with foreign key constraints to maintain longitudinal data integrity across medical consultations.

ITOUR — TOURIST DESTINATION & BOOKING APPLICATION

2025

Mobile Application Developer | Group Project

Flutter, Dart

- Engineered a cross-platform mobile application highlighting regional attractions with photo showcases, spot overviews, and travel booking flows.

LIBRARY MANAGEMENT SYSTEM

2025

Backend Developer | Group Project

PHP, MySQL, HTML, CSS

- Constructed an automated library cataloging system tracking book inventory, student lending privileges, return schedules, and overdue penalties.

CERTIFICATIONS & HONORS
